VANTRA TECHNOLOGIES
INDEPENDENT SALES AGENT AGREEMENT

Fixed Term - 3 Months

This Independent Sales Agent Agreement (the "Agreement") is made on **____ / ____ / 20____** (the "Effective Date").

Parties

OPCO VANTRA TECHNOLOGIES LTD, trading as "Vantra Technologies", a company duly incorporated under the Companies Act, 2015 of the Laws of Kenya, KRA PIN No. P052571900S, with its registered office and principal place of business situated on L.R. No. 12715/1727, Katani Road, Athi River District, Machakos County, P.O. Box 17844-00500, Kenya (the "Company");

and

_____, of P.O. Box _____, National ID/Passport No. _____, KRA PIN No. _____ (the "Agent").

Key Appointment Particulars

Sector	Health Sector / Enterprise Sector: _____
Lead Allocation Area / Territory	_____
Company Commercial Contact	To be notified separately by the Company
Agent Notice Email	_____
Company Notice Email	_____

Recitals

- The Company designs, develops, markets, sells and supports artificial intelligence solutions for healthcare providers and business enterprises.
- The Company wishes to engage the Agent on a non-exclusive, independent basis to identify and procure sales opportunities for the Products during a three-month campaign.
- The Parties intend a contract for services between independent businesses. They also intend to operate the relationship consistently with that status in practice, including by focusing on commercial outcomes rather than attendance, prescribed hours or day-to-day supervision.
- The Parties therefore agree as follows.

1. Definitions and Interpretation

1.1 "Accepted Opportunity" means a prospective customer opportunity entered in the Company's approved CRM or other designated system and attributed to the Agent in accordance with Clause 6 and Schedule B.

1.2 "Commercial Contact" means the person designated by the Company as the Agent's business contact for product information, deal coordination, approvals and administration. The Commercial Contact is not a line manager or supervisor.

1.3 "Completed Sale" means a written customer agreement for Products that is signed by the Company and the customer, directly and demonstrably procured by the Agent, and recorded as attributable to the Agent under Schedule B.

1.4 "Confidential Information" means non-public commercial, technical, financial or operational information of the Company or its customers, including pricing, product plans, customer and prospect information, sales data, security information, trade secrets and proprietary materials.

1.5 "Market Development Fee" means the KES 25,000 commercial fee described in Clause 7 and Schedule A. It is not a salary or wage.

1.6 "Net Sale Value" means the amount of a customer payment actually received and retained by the Company in respect of a Completed Sale, excluding VAT and other sales taxes, refunds, credits, chargebacks, discounts, bad

debts and separately identified third-party pass-through costs. Automatic renewals or extensions are excluded unless the Company separately credits them to the Agent in writing.

1.7 “Products” means the Company’s artificial intelligence solutions and related services for healthcare providers and other enterprises, and any additional products or services the Company authorises the Agent to market in writing.

1.8 “Qualifying Client” means a client directly procured by the Agent that has signed a written engagement or service agreement with the Company for the Products and is recorded as attributable to the Agent.

1.9 “Term” means the three-month period described in Clause 2.

1.10 “Territory” means the lead-allocation area stated in the Key Appointment Particulars. It is used to minimise duplication and channel conflict and does not prescribe the Agent’s working location, route, hours or attendance.

2. Term

2.1 This Agreement starts on the Effective Date and continues for three (3) months, ending on _____, 20____, unless terminated earlier under Clause 14.

2.2 This Agreement does not renew automatically. Any extension or renewal must be recorded in a written agreement signed by both Parties before expiry. Access to Company systems and authority to represent the Company end automatically on expiry unless the Parties have signed an extension.

3. Independent Contractor Relationship

3.1 The Agent is engaged as an independent contractor under a contract for services. Nothing in this Agreement creates, or is intended to create, a contract of employment, partnership, joint venture, fiduciary relationship or authority to bind the Company except to the limited extent expressly stated.

3.2 The Agent shall have discretion over the manner, sequence, timing and place of performing the services, subject to the reasonable guidance and direction of the relevant Sector Head. The Agent shall remain responsible for meeting agreed sales targets, performance objectives, customer commitments and reporting requirements. Such guidance and targets shall not constitute prescribed employee-style working hours or attendance requirements.

3.3 The Agent will ordinarily use the Agent’s own phone, computer, transport and other business resources and bears the Agent’s own operating costs except for the specific payments or pre-approved reimbursements stated in this Agreement.

3.4 The Agent may provide services to other clients during the Term, including other sales or business-development work, provided that the Agent does not misuse Company Confidential Information, divert Company-sourced leads, or market directly competing products to the same Restricted Customers in breach of Clause 11.

3.5 Subject to the Company’s prior written approval, not to be unreasonably withheld where confidentiality, data protection, competence and conflicts are adequately addressed, the Agent may use an assistant or subcontractor at the Agent’s own cost. The Agent remains fully responsible for their acts and omissions and must ensure they sign confidentiality and data-protection obligations at least as protective as this Agreement.

3.6 The Agent is responsible for the Agent’s own business registrations, tax returns, VAT obligations where applicable and other obligations arising from self-employment. The Company will make only those tax or statutory deductions that applicable law or a binding determination requires.

3.7 The Parties acknowledge that legal status depends on the substance of the relationship as operated, not only its label. If a competent authority finally determines that a mandatory employment or other statutory regime applies, the relevant mandatory law will prevail to the extent required, without otherwise invalidating this Agreement.

4. Appointment and Scope of Services

4.1 The Company appoints the Agent on a non-exclusive basis to identify prospects, generate and develop opportunities, introduce potential customers, support approved proposals and procure orders for the Products within the Agent’s Sector and Territory.

4.2 The Territory is an allocation mechanism only. The Agent may decide how and when to pursue opportunities and is not required to follow prescribed routes or attend Company premises, except where the Agent voluntarily attends a meeting, training or customer engagement relevant to a specific opportunity.

4.3 The Agent shall use reasonable skill, diligence and good faith; maintain accurate opportunity records in the Company's approved CRM or designated system; use only approved pricing and sales materials; and comply with reasonable brand, product, information-security and legal-compliance requirements notified by the Company.

4.4 The Agent shall not sign a contract on behalf of the Company, vary Company pricing, offer credit, make unauthorised warranties or promises, collect money into a personal account, or otherwise create any obligation or liability for the Company without prior written authority.

4.5 The Company may designate a Commercial Contact for deal coordination and administration. Communications with that person are commercial coordination between principal and contractor and do not create employee-style supervision or control.

4.6 The outcome-based service standards and opportunity-registration rules are set out in Schedule B. There are no contractual daily or weekly visit quotas or attendance requirements.

5. Company Obligations

5.1 The Company shall provide reasonable product information, approved pricing, sales collateral and access to the CRM or other systems reasonably needed to perform the agreed services.

5.2 The Company shall make final decisions on customer acceptance, pricing, contracting, technical scope, implementation and credit. Nothing requires the Company to accept a prospect, proposal or sale that does not meet its commercial, technical, compliance or credit requirements.

5.3 The Company shall pay amounts properly due under Clause 7 and Schedule A and shall keep reasonable records of customer payments used to calculate Commission.

5.4 The Company is not obliged to provide the Agent with any minimum number of leads, customer meetings or sales opportunities.

6. Opportunity Registration and Sales Attribution

6.1 The Agent shall register each material sales opportunity in the Company's approved CRM or designated system as soon as reasonably practicable and, in any event, before claiming a Qualifying Client or Commission in respect of that opportunity.

6.2 An opportunity is attributable to the Agent where the records reasonably show that the Agent was the direct procuring cause of the opportunity and the Company has not previously allocated or registered the same opportunity to another channel or representative.

6.3 Where more than one person materially contributed to the same sale, the Company may propose a reasonable split of sales credit and Commission having regard to documented contribution. Any split must be recorded in writing before the relevant Commission payment is made.

6.4 The Company shall not unreasonably withhold or alter attribution after an opportunity has been accepted and materially progressed by the Agent. Fraudulent, duplicate or misleading registrations may be rejected or corrected.

7. Market Development Fee, Communications Contribution and Commission

7.1 Market Development Fee - Month 1. For the first month of the Term, the Company shall pay the Agent a Market Development Fee of KES 25,000 (Kenya Shillings Twenty-Five Thousand), subject to the Agent performing the services and providing the outcome records required by this Agreement. This payment is not contingent on achieving three Qualifying Clients in Month 1.

7.2 Market Development Fee - Months 2 and 3. The KES 25,000 Market Development Fee for Month 2 and for Month 3 is payable only if the Agent procured at least three (3) Qualifying Clients during the immediately preceding month. If that threshold is not met, no Market Development Fee is due for the following month and the Agent remains eligible for Commission and the Communications Contribution.

7.3 Communications Contribution. The Company shall pay KES 1,000 (Kenya Shillings One Thousand) per month during the active Term as a commercial contribution toward phone and data costs. It is not an employee allowance or reimbursement of a fixed personal expense and does not require the Agent to use any particular device, network or working pattern.

7.4 Commission. The Agent shall earn Commission at fifteen percent (15%) of Net Sale Value for each Completed Sale directly and demonstrably procured by the Agent. Commission accrues only as and when the Company actually receives the relevant customer payment.

7.5 Instalments. Where a customer pays a Completed Sale in instalments, Commission accrues proportionately on each instalment actually received and retained by the Company.

7.6 Invoices and payment timing. The Agent shall submit a valid invoice or payment statement reasonably required by the Company for amounts due. Subject to receipt of that document, the Company shall pay the Market Development Fee, Communications Contribution and Commission due within thirty (30) days after the end of the calendar month to which the payment relates or in which the relevant customer payment was received, as applicable.

7.7 Withholding tax. Where the Company is required by law to withhold tax from a payment, the Company shall deduct and remit the applicable withholding tax to the Kenya Revenue Authority and make the relevant withholding certificate or evidence available to the Agent. The Agent remains responsible for the Agent's own tax returns, remaining income-tax liabilities, VAT and business registrations.

7.8 No Commission is payable on cancelled or refunded transactions, bad debts, chargebacks, fraudulent sales, unauthorised discounts, or transactions resulting from the Agent's fraud, material misrepresentation or material breach of this Agreement. Any overpayment arising from a later refund, reversal or calculation error may be set off against future amounts due or recovered as a debt.

7.9 Except for the payments expressly stated in this Agreement and specific expenses approved by the Company in writing before they are incurred, the Agent bears the Agent's own business expenses, including transport and incidental selling costs.

8. Confidentiality and Company Property

8.1 The Agent shall keep Confidential Information confidential during and after the Term and use it only to perform this Agreement. The Agent shall disclose it only to an approved assistant or subcontractor who is bound by equivalent confidentiality obligations, or where disclosure is required by law.

8.2 The Agent shall use reasonable care to protect Company credentials, customer information, sales materials and other Company property and shall promptly notify the Company of any suspected loss, unauthorised access or disclosure.

8.3 On expiry or termination, the Agent shall promptly return Company property and, subject to Schedule C and any legal retention requirement, delete Company Confidential Information from personal devices and accounts.

9. Intellectual Property and Sales Materials

9.1 All trademarks, trade names, logos, product materials, software, documentation and pre-existing intellectual property of the Company remain the Company's property. The Agent receives only a limited, revocable, non-exclusive right to use approved materials for the purposes of this Agreement.

9.2 To the extent the Agent creates proposals, customer-specific sales materials, CRM entries, lead lists, campaign materials or other work product specifically for the Company in performing this Agreement, the Agent assigns to the Company all transferable intellectual-property rights in that work product upon creation, excluding the Agent's pre-existing tools, know-how and generic methods.

9.3 The Agent shall not register or use any domain name, social-media account, trade name or advertising identity that suggests ownership of or authority over the Company's brand without prior written approval.

10. Data Protection

10.1 Each Party shall comply with applicable data-protection law in connection with this Agreement. To the extent the Agent processes personal data solely on the Company's behalf and instructions, Schedule C forms the written controller-processor terms between the Parties.

10.2 The Agent shall not collect, request, access, store or process patient medical records, clinical information, diagnoses, treatment information or other health data for sales purposes. The Agent's permitted personal-data handling is limited to ordinary business-development contact and opportunity information described in Schedule C unless the Company gives specific written instructions and confirms the required compliance safeguards.

11. Non-Circumvention and Restricted Customer Protection

11.1 During the Term, the Agent shall not divert a Company-sourced lead or Accepted Opportunity to a third party, accept a secret commission or other undisclosed benefit from a prospect, or circumvent the Company in order to supply substantially similar Products outside the Company.

11.2 For six (6) months after expiry or termination, the Agent shall not actively solicit a Restricted Customer for Competing Products where the Agent had material dealings with that Restricted Customer through this Agreement or obtained material Confidential Information about that customer through the Company.

11.3 For Clause 11.2, “Restricted Customer” means a customer or live prospect with whom the Agent had material dealings under this Agreement during the six months before expiry or termination; “Competing Products” means products or services substantially similar to the Products that the Agent actually marketed under this Agreement.

11.4 Clause 11.2 does not prohibit general advertising not targeted at a Restricted Customer, accepting work from a customer that approaches the Agent without active solicitation, or carrying on a lawful business generally. The restriction applies only to the extent reasonable and enforceable under Kenyan law.

12. Compliance and Conduct

12.1 The Agent shall comply with applicable Kenyan laws relevant to the sales activities, including applicable anti-bribery, anti-corruption, consumer-protection, competition, data-protection and tax requirements.

12.2 The Agent shall not offer, promise, give, request or accept any bribe, kickback or improper payment in connection with the Company’s business and shall promptly report any request for such a payment.

12.3 The Agent shall identify themself accurately as an “Independent Sales Agent - no authority to bind Vantra” where appropriate and shall not describe themself as an employee, director or officer of the Company.

13. Liability and Indemnity

13.1 Each Party is responsible for loss caused by its own breach of this Agreement, negligence, fraud, wilful misconduct or breach of applicable law.

13.2 The Agent shall indemnify the Company against third-party claims, fines, penalties and reasonable external legal costs arising directly from the Agent’s fraud, wilful misconduct, unauthorised representation or promise, material breach of confidentiality or data-protection obligations, or knowing breach of applicable anti-bribery law.

13.3 Subject to Clause 13.4, each Party’s total aggregate liability arising out of or in connection with this Agreement shall not exceed the total Market Development Fees, Communications Contributions and Commission paid or payable to the Agent under this Agreement.

13.4 The cap in Clause 13.3 does not limit: (a) amounts properly due and unpaid under Clause 7; (b) liability for fraud or wilful misconduct; (c) liability for breach of confidentiality or data-protection obligations; (d) infringement or misuse of intellectual property; or (e) liability that cannot lawfully be excluded or limited.

13.5 Neither Party is liable to the other for indirect or consequential loss, loss of goodwill or loss of anticipated profit, except to the extent such loss forms part of a third-party claim covered by an express indemnity in this Agreement.

14. Termination and Expiry

14.1 Either Party may terminate this Agreement before expiry by giving the other Party at least seven (7) days’ written notice.

14.2 The Company may terminate immediately by written notice if the Agent commits fraud, dishonesty, bribery or deliberate misrepresentation; materially breaches Clause 8, 10, 11 or 12; intentionally misuses Company or customer data; makes an unauthorised commitment that materially exposes the Company; or commits another material breach that is incapable of remedy or, if capable of remedy, is not remedied within five (5) business days after written notice.

14.3 On expiry or termination, the Agent shall immediately cease representing the Company, stop using Company systems and brand materials, return Company property and comply with the deletion/return obligations in Schedule C.

14.4 Amounts earned before the effective date of termination remain payable in accordance with Clause 7. No unearned future Market Development Fee becomes due merely because the Agreement ends early.

14.5 Commission tail - signed sales. For a Completed Sale signed before expiry or termination, the Agent remains entitled to Commission on qualifying customer payments received by the Company within ninety (90) days after expiry or termination.

14.6 Commission tail - protected pipeline. If, before expiry or termination, an Accepted Opportunity is recorded in the CRM as having reached formal proposal stage and the Company has acknowledged that status in writing, the Agent remains entitled to Commission if the customer signs within thirty (30) days after expiry or termination and

the corresponding customer payment is received within ninety (90) days after expiry or termination. No tail applies to fraudulent, duplicate, abandoned or materially misrepresented opportunities.

14.7 Clauses intended by their nature to survive expiry or termination, including confidentiality, data protection, intellectual property, restricted-customer protection, accrued payment rights, liability and dispute resolution, continue to apply.

15. Dispute Resolution and Governing Law

15.1 This Agreement is governed by the laws of Kenya.

15.2 A Party raising a dispute shall give written notice describing the dispute. The Parties shall first attempt in good faith to resolve it by negotiation within fourteen (14) days.

15.3 If the dispute remains unresolved, the Parties shall attempt mediation. If they cannot agree a mediator within fourteen (14) days, either Party may request the Nairobi Centre for International Arbitration to appoint or facilitate appointment of a mediator.

15.4 If mediation does not resolve the dispute, it shall be finally resolved by a single arbitrator seated in Nairobi in accordance with the Arbitration Act, 1995. The language of the arbitration shall be English.

15.5 Nothing in this Clause excludes the jurisdiction of any court or tribunal to the extent that applicable law gives that court or tribunal mandatory jurisdiction which the Parties cannot lawfully exclude.

16. General

16.1 Entire agreement. This Agreement and its Schedules constitute the entire agreement between the Parties on its subject matter and supersede prior discussions and understandings relating to that subject matter.

16.2 Variation. A change to the commercial terms, Commission rate, Market Development Fee, Qualifying Client threshold or other material term is effective only if recorded in writing and signed by both Parties. Operational product information, approved pricing and Commercial Contact details may be updated by written notice where the update does not amend the Agent's economic rights.

16.3 Assignment. The Agent may not assign this Agreement without the Company's prior written consent. The Company may assign or transfer this Agreement to an affiliate, successor or purchaser of the relevant business on written notice to the Agent, provided the assignee assumes the Company's payment obligations arising after the transfer.

16.4 Notices. Notices under this Agreement must be in writing and may be delivered by hand, registered post or email to the addresses or notice emails stated in the Key Appointment Particulars, or to a replacement address notified in writing.

16.5 Severability. If a provision is invalid or unenforceable, it shall be enforced to the maximum lawful extent or severed to the minimum extent necessary, and the remainder of the Agreement shall continue in force.

16.6 No waiver. A failure or delay in exercising a right is not a waiver of that right.

16.7 Counterparts and electronic signature. This Agreement may be signed in counterparts and by scanned or electronic signature, each of which is treated as an original and together form one instrument.

17. Acknowledgement and Signatures

17.1 The Agent confirms that the Agent has read and understood this Agreement, has had the opportunity to obtain independent legal and tax advice, and enters into it voluntarily as an independent business person.

Schedule A - Commercial Terms

Term	Three (3) months from the Effective Date.
Month 1 Market Development Fee	KES 25,000. Not contingent on the three-client threshold, subject to performance of the services and required outcome records.
Month 2 Market Development Fee	KES 25,000, payable only if at least three (3) Qualifying Clients were procured in Month 1.
Month 3 Market Development Fee	KES 25,000, payable only if at least three (3) Qualifying Clients were procured in Month 2.
Communications Contribution	KES 1,000 per month during the active Term.
Commission	15% of Net Sale Value for each Completed Sale attributable to the Agent.
Commission release	Only as and when the Company actually receives and retains the relevant customer payment.
Payment timing	Within 30 days after month-end, subject to Clause 7 and receipt of a valid invoice or payment statement reasonably required by the Company.

Qualifying Client evidence. A signed written engagement or service agreement between the client and the Company, together with CRM or other written records reasonably evidencing the Agent as the procuring agent, is the basis for determining the three-client threshold.

No daily activity gate. The Market Development Fee is not conditioned on a prescribed number of daily or weekly visits, hours worked or attendance at a Company location.

Schedule B - Outcome Standards and Opportunity Attribution

The Parties agree that the Agent is assessed on commercial outcomes and accurate deliverables, not attendance or prescribed activity patterns. The Agent shall:

- Identify and develop legitimate prospects for the Products within the relevant Sector and lead-allocation framework.
- Register material opportunities in the Company-approved CRM or designated system with accurate customer, contact, stage and attribution information.
- Keep the status of the Agent's own Accepted Opportunities reasonably current so that the Company can price, contract, implement and calculate Commission accurately.
- Use Company-approved product descriptions, pricing and proposal materials, and obtain approval before making any customer-specific commitment outside those materials.
- Provide customer information reasonably needed to prepare and execute a proposal or service agreement.
- Support handover of a signed customer to the Company's onboarding or implementation team where reasonably required for that sale.
- Provide, together with the Agent's monthly invoice or payment statement, a concise commercial summary of Accepted Opportunities, Qualifying Clients and Completed Sales for which payment is claimed.
- Comply with Schedule C when handling personal data and with the confidentiality, anti-bribery and non-circumvention obligations in this Agreement.

Opportunity Attribution Rules

1. First registration is relevant but is not conclusive where it is duplicate, stale, misleading or the prospect was already an active Company opportunity.

2. Attribution should reflect the direct procuring contribution shown by CRM entries, introductions, meeting records, proposals and customer correspondence.

3. If two agents materially contribute, the Company may propose a documented split. The relevant agents should be told the split before the Commission payment is processed.

4. The Territory is a lead-allocation mechanism only. It does not require the Agent to be present in a particular place or to follow a route, timetable or daily call plan.

5. No Company representative may require the Agent to obtain leave approval or to comply with employee attendance procedures under this Agreement.

Schedule C - Data Protection Terms

Application. This Schedule applies only to the extent the Agent processes personal data on behalf of and on documented instructions from the Company. For that processing, the Company acts as data controller and the Agent acts as data processor. If the Agent independently determines the purposes and means of any separate processing, the Agent is responsible for the legal obligations applicable to that separate processing.

C1. Processing Particulars

Subject matter	Business-development, prospecting, sales administration, customer introduction and opportunity management for the Products.
Duration	The Term, plus the limited period needed to complete return/deletion obligations and any lawful retention expressly instructed by the Company.
Nature and purpose	Collecting or receiving business contact details; communicating with prospects; recording interactions and opportunity status; preparing authorised proposals; arranging customer handover; and maintaining records needed for sales attribution and compliance.
Permitted personal data	Names, business contact details, job titles, organisations, professional correspondence, meeting details, lead source, sales-stage information, proposal and contract administration information.
Data subjects	Prospective and existing customer representatives, authorised business contacts and other persons acting in a professional or organisational capacity.
Prohibited data	Patient records, diagnoses, treatment information, medical history, clinical notes, health data, passwords, payment-card data and other sensitive data not specifically authorised in writing by the Company.
Controller rights and obligations	The Company determines the purposes and documented instructions for processor activities, may issue lawful compliance instructions, may audit compliance as described below, and remains responsible for controller obligations imposed by applicable law.

C2. Processor Obligations

C2.1 The Agent shall process personal data only for the purposes in C1 and only in accordance with the Company's documented lawful instructions, including instructions concerning approved systems and channels.

C2.2 The Agent shall ensure that any approved person who is permitted to access personal data is bound by confidentiality obligations and receives access only to the minimum information needed for the permitted purpose.

C2.3 The Agent shall use reasonable technical and organisational security measures appropriate to the data handled, including device access controls, strong authentication, secure transmission, prompt installation of security updates and avoidance of unapproved shared accounts or public storage.

C2.4 The Agent shall use Company-approved systems for storing Company prospect and customer data and shall not create an independent personal database of Company leads or export data to an unapproved service.

C2.5 The Agent shall not appoint a subprocessor for Company personal data without the Company's prior written authorisation. Any approved subprocessor must be bound by written obligations no less protective than this Schedule, and the Agent remains responsible for its compliance.

C2.6 The Agent shall notify the Company without undue delay, and where practicable within twenty-four (24) hours, after becoming aware of any actual or suspected loss, unauthorised access, disclosure, alteration or destruction of Company personal data, and shall provide information reasonably requested for investigation and regulatory response.

C2.7 The Agent shall reasonably assist the Company with data-subject requests, security investigations and compliance enquiries relating to processing carried out by the Agent and shall not respond on the Company's behalf unless instructed.

C2.8 The Agent shall not transfer or store Company personal data outside Company-approved systems or locations without written authorisation and any safeguards required by applicable law.

C2.9 On expiry or termination, or earlier on written instruction, the Agent shall return or permanently delete Company personal data in the Agent's possession or control, except to the extent retention is required by law. The Agent shall confirm completion in writing on reasonable request.

C2.10 On reasonable notice, the Agent shall provide information reasonably necessary to demonstrate compliance with this Schedule and permit a proportionate audit or inspection of relevant processing records and safeguards, provided the Company minimises unnecessary disruption and protects the Agent's unrelated confidential information.

C2.11 The Agent shall comply with the Company's lawful instructions on direct marketing, opt-outs and suppression lists and shall not continue contacting a person who has validly objected or opted out through an approved channel.
